

The Riverwood Collection

A few words about Mulnix Industries...

Founded in 1998, Mulnix has quickly grown into a full service manufacturer of custom hardwood lecterns and other presentation furniture. We can design and engineer a product with your wishes and needs in mind using only the finest materials. With our expertise not only in the manufacture of fine furniture but also the Audio/Visual field, we know how to make your projects come together and work properly.

Need it quick?

While other manufacturers can take several months to make a lectern, ***Mulnix can have it ready in a few weeks***, sometimes even sooner if the situation requires. One of the fastest in the industry! So when you find yourself in a pinch, call Mulnix.

Manufactured by Mulnix Industries, Inc.
